

CROSSROADS
PREGNANCY CENTER

ANNUAL REPORT

2021

FROM THE DIRECTOR

Dear Friends,

What an exciting year we've had at CrossRoads Pregnancy Center! We have seen God move in so many different ways. We have seen multiple women choose LIFE. We have pointed men and women to HOPE. We have comforted and encouraged those who walk through our doors. And, we could not have done any of it without the faithful support of friends like you!

At the beginning of 2021, we claimed the verse: "Jesus is the true light and the darkness has not overcome." (John 1). Each day at CPC we have the opportunity to share the True Light with clients that come through our doors. God has promised us that through Jesus the darkness cannot overcome. Abortion is a darkness we see every day, and we can faithfully proclaim that through Jesus there is HOPE!

In the following pages, you will see how God is expanding the ministry of CrossRoads. You will also see testimonies from those you are impacting through your financial and prayer support.

I look forward to sharing more of God's work at CrossRoads in the coming days. 2022 is gearing up to be our biggest year yet. Please continue to pray for us!

For God's Glory,

Brenda Feece
Executive Director

ABOUT CROSSROADS

CrossRoads Pregnancy Center (CPC) is a non-profit organization focused on saving lives and supporting men and women through love and hope found in Jesus Christ.

Established in 1988 as Greenwood Women's Center, CPC has been serving Greenwood and the surrounding five counties (including Abbeville, McCormick, Edgefield, Saluda, and Laurens) for over 30 years! CPC is the only pregnancy center to serve these counties.

CPC is a pro-life organization of committed Christians. We offer free services without regard to the race, creed, color, national origin, age, and marital or economic status of our clients.

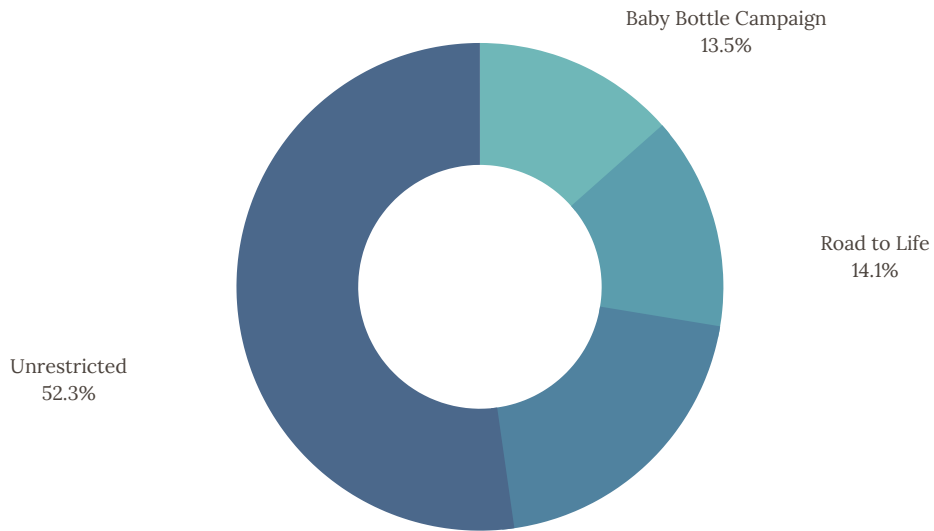

MISSION

TO SUPPORT MEN AND WOMEN DEALING WITH AN UNPLANNED PREGNANCY THROUGH LIFE-AFFIRMING SERVICES THAT PROVIDE ALTERNATIVES TO ABORTION WHILE OFFERING A LIVING RELATIONSHIP WITH THE LORD JESUS CHRIST

DAISHA & KYRO'S STORY

“I was scared. I was afraid....I didn't know what I was going to do...I wanted an abortion, but I thank God that I didn't have an abortion.... I'm glad I kept him. It was the best decision ever!”

OLIVER'S STORY

"I felt I had made a terrible decision. I didn't know what to do... I felt a sense of urgency... I got on my phone and found APR... I thank God every day!... It worked. Oliver is here with us, and I couldn't be happier!"

Watch Oliver's Full Story at www.crossroadspregnancycenter.org.

ADVOCACY: ABORTION PILL REVERSAL

There were over **42.5 million worldwide abortions in 2021** (according to Worldometer)! That's 42.5 million babies...

The number of abortions is expected to rise in 2022. In December 2021, the FDA lifted a regulation which prohibited receiving the abortion pill through mail, making the abortion pill even easier to access. This means that your daughter, niece, or granddaughter can easily access the abortion pill without requiring an ultrasound. The unsupervised use of the abortion pill also increases the chances of serious complications.

In 2021, the CDC reported that an estimated 42% of all abortions are medication abortions through the pill. (This does not account for those abortions obtained through the "black market" pills which were illegal before December.)

There is a REVERSAL... Along with other pregnancy centers across the country, Crossroads Pregnancy Center offers the abortion pill reversal (APR). In 2021, we helped 5 women through the APR. The APR has a 68% overall success rate. CPC has seen 11 successful reversals since we began offering the APR in 2020--a 100% success rate! (The APR is just progesterone. It does not harm the mother or baby--it's either effective or it's not.)

Already in 2022 we have had several opportunities to bring national attention to the APR. Oliver's mother has given her testimony to Congressman Jeff Duncan, and she has also shared her testimony at the SC State House to the medical affairs subcommittee in regards to a newly proposed bill. To learn more about the advocacy opportunities that we have make sure to follow us on Facebook!
